

# We show you the way.

Our Cable App helps you to select the best cable for your installation.

**Cable**  
App

Choose your cable criteria and get immediate and reliable cable recommendations. This highly efficient and self-explanatory app not only suggest the best cable for the purpose, it calculates energy and CO<sub>2</sub> savings through the consideration of alternative conductor sizes too, and thus help you to reduce your carbon footprint. That's what we call shortcut savings.
